Top 3 Cheap Web Hosting Companies

Let’s give you a list of top 3 web hosting companies to make your search for the best website host easier.

1: IX Web Hosting

IX Webhosting has developed into an industry leader for 10 years. It provides supreme customer service and overall value. The facilities that this web hosting offers are unlimited bandwidth and disk space on ALL of their plans. Each of their plans also offer customers with free domain registrations along with 99.9% uptime guarantee, MySQL, PostgreSQL and MMSQL databases.

In general, IX Web Hosting is the complete best hosting service on the Internet today. It is one of the top three cheap web hosting companies.

2: Host Monster

Hostmonster is one of the most popular hosts to add a lot of value and quality to the table with the facilities such as amount of disk space (1500GB) and bandwidth(15000GB) and the ability to host an unlimited number of domains on one account. It is improbable the Host Monster will be slowing down anytime due to all facilities. It is one of the top three cheap web hosting companies.

3: BlueHost

In business for nearly 14 years, BlueHost is as established as a hosting company can be. Having past the test of time, Blue Host has proven that they are a reliable and quality company, offering top notch services. With a 30 day money back guarantee, 1500 GB disk space, 15000 GB bandwidth, free domain name, and cutting edge equipment, BlueHost is an excellent company, worthy of your consideration.

Bluehost is an established hosting company in business for almost 14 years. Blue Host has proven that they are a trustable and quality company to provide services like free domain name, 30 day money back guarantee, 1500 GB disk space, 15000 GB bandwidth and cutting equipment.
